## SELECTMEN'S REPORT

---

Annual report to the citizens of West Rutland from the Board of Selectmen and Town Manager for the year ending December 31, 1983.

### FINANCIAL STATUS

First and foremost on our list of goals each year is to run balanced budgets in both our sewer and general accounts. We were successful in this respect again this year, with a small surplus in the sewer account and a sizeable surplus in the general account. The general account surplus was caused by underspending in several categories. Time and continuity lost in the transition from one town manager to another, was partly responsible for this underspending. As a result of this surplus we have been able to increase the paving and equipment account portions of next year's budget and still give the taxpayers a slight decrease in taxes in both the sewer and general account for 1984.

In addition we were able to reduce the principal on the town debt by \$20,000, leaving us with a balance of \$240,000.00.

### ACCOMPLISHMENTS

Infiltration studies on the sewer lines on the west end of Main Street showed that in the spring, 300,000 gallons of water a day was finding its way into our sewer lines in that area. We were able, with federal and state funds to complete a slip lining project to eliminate this infiltration. This project involved sliding a flexible pipe with a slightly smaller diameter into the existing main, and then cutting each household connection into the new main and sealing the connection.

The Town, the Fire District and the West Rutland Development Corporation have all worked very hard to finish the improvements needed in the industrial park. We had some prospective tenants look at the park, but the poor condition of the access road is a detriment. We currently have two grants pending to remedy this. One grant is before the Economic Development Administration and the other is before the State for a Community Development Block Grant. Both would widen and repave Sheldon and Thrall Ave. We believe once this is done we will be able to attract tenants and start to replace some of that tax base that was lost when Vermont Marble Company left town.

The Town of West Rutland has also made progress on the Castleton River Urban Lateral Drainage Project. The Town has just gone through the act 250 hearings and expects to receive all applicable permits soon. We hope to have all the easements

and put in the project out to bid this spring. The funds for this project will come from the U.S. Soil Conservation Service and the State. A special thanks goes out to Jayne Pratt who is helping us out with this project administratively.

This year a group of concerned citizens formed a Public Safety Committee. The selectmen asked them to do an in depth study of police protection and it's cost in adjoining towns. We also asked them to design a schedule for police protection with projected costs for the Town of West Rutland. They have submitted their report and the town will move toward implementing the plan in 1984. We would like to thank everyone who served on this committee.

The Velco power line and switching station were completed this year and will be a welcome addition to the town grand list.

The Westway Cinema, a triple screen movie theater, opened in the Westway Mall this year and is a welcome addition to our community.

The town was able this past year to pave Crescent Street. We also rented equipment and did a considerable amount of ditching on several roads, thus improving drainage. More paving and ditching are scheduled for 1984.

We feel the recreation opportunities for both children and adults need a lot of attention. We currently have a small committee that is carrying a large load. We really need an infusion of energetic people who are willing to plan for the future. There is federal and state money out there and planning has to be done so that some day down the line, we can have a skating rink, additional athletic fields and an adequate place to swim.

The Prudential Committee and the Selectmen have been working together to economize where possible. Printing the water rents on the town tax bills and other cost saving measures are being discussed.

#### 1984 AND UPCOMING EVENTS

Several important things will be happening in 1984.

The town is going to have to decide in what direction it is going in terms of solid waste. A committee is currently studying the town's options and will present their findings at a public hearing prior to the March Town Meeting.

Construction is slated to begin on the Route 4 by-pass this year.

Construction on the Fire District's water project is slated to start this year.

If the proposed 1984 budget is approved the town will purchase a truck. This will be accomplished without any special appropriation from the taxpayers.

The Selectmen would like to thank all the town employees for their dedication throughout the year and we would like to thank all the citizens for giving us the opportunity to serve them.

Respectfully submitted,

William Finger  
Town Manager

PRUDENTIAL COMMITTEE REPORT

For the year ending December 31, 1983

In the past year, much has been done to streamline and upgrade operations in the Fire District. We should be able to avoid further boil water notices (with the possible exception of a spring flare-up) until the scheduled completion of our new water system in late 1984. Unfortunately chlorine in fairly large amounts will be necessary until the reservoir is disconnected from the system.

The Fire District has enjoyed the co-operation of the Selectmen including certification of the sewer plant laboratory for water testing, applications for Federal funds, and a proposed collection of a town-wide fire tax as well as numerous other lesser projects. We expect this co-operation to continue for the benefit of everyone.

The accounting system has been modernized to permit more accurate control over Fire District finances as well as to separate Fire Department expenses from Water Works expenses. Water bills and fire tax bills now represent true costs with a high degree of accuracy.

A great effort was made to collect overdue bills and water rents with considerable success. With our legal procedures fully in place, a more dramatic improvement should be made this year.

Robert A. Bloomer, Jr., Chairman  
Joseph Skaza  
Theodore Kramarz

WEST RUTLAND FIRE DEPARTMENT  
REPORT ENDING  
NOVEMBER 30, 1983

---

During the year of 1983, eighty seven alarms were answered by the West Rutland Fire Department. There were forty five alarms outside the fire district, thirty seven within the fire district, and five false alarms.

There was a Class "A" fire where we used 2½" lines. This was the Frank Grabowski House on Route 4-A. The remainder of the fires were Class "B" or Class "C", extinguished with booster lines, pak-pumps or other equipment.

During the year six monthly meetings, three wet practices, and three dry practices were held. The meetings and practices were well attended.

The West Rutland Fire Department assisted through Mutual Aid Agreement, the following Fire Departments: Proctor, Pittsford, Clarendon & Castleton.

The Fund Raising Projects were successful and much needed equipment has been purchased with the funds raised by our projects. A big thank you to everyone who participated in any way to make our projects a success. Special thanks to the West Rutland American Legion for two Air Paks, the West Rutland Rotary Club for one Spare Air Pak Tank & Wall Mounting Bracket, and the Pulaski Committee for two Spare Air Pak Tanks & Mounting Bracket.

The following will be the West Rutland Fire Department Officers for the ensuing year:

Chief	- Thomas Ascoli
1st Asst.	- Joseph Skaza, Jr.
2nd Asst.	- Steve Czachor
Clerk/ Treasurer	- Frank Bruno

The Fire Department Banquet was held on December 17, 1983 at the Sirloin Saloon.

Respectfully submitted,

Thomas Ascoli, Chief

Prepared by Frank Bruno, Clerk

## SUMMARY FOR THE 1983 RECREATION PROGRAM

Little by little we are trying to expand our recreational facilities and programs. Our Youth Program for the children met with a good daily attendance. A trip to the Great Escape Fun Park in New York was a great success. The Annual Fishing Derby this year was combined with a cookout and the children had a great time. The Block Dance also seems to be a great get together for the teenagers. For the 1984 tennis year, it is with great pride that there will be night tennis. With the voters' approval we will try to have our tennis courts resurfaced. In the future the Recreation Committee will try to secure funds to have our recreation area refurbished. Thank You.

Respectfully,

Patrick E. Trepanier  
Chairman of the Recreation  
Committee

## WEST RUTLAND PLANNING COMMISSION

Many of you may remember at this time last year the Planning Commission sent to the citizens of West Rutland an opinion poll. Approximately 8% of the voters responded to the poll. What follows is a summary of what people had for recommendations, where the responses came from and the ages of the respondents.

The most number of respondents ranged in age between 20 and 39 but the overall age was from under 20 to over 65. 32% of the respondents were between 40 and 64, 31% were over 65.

Responses came from all over the town with the most polls returned from the Main St., Marble St., Pleasant St., and Clarendon Ave. Areas. The least polls were returned from the Whipple Hollow, Castleton Rd. and Boardman Hill areas.

Topping the list of services people want to see in our town is a Health Care Clinic with medical and dental services. A bank is seen as the second most needed service. There were several suggestions for a professional office building and some called for the establishment of a business district.

Regarding retail establishments, most individuals favor expanded or new hardware and building supply stores. Some individuals see a need for a discount department store.

Industrial growth is desired, however, most people would like to see some type of assembly plant (electronic preferred), but any light manufacturing will be welcome. Several individuals view the revitalization of existing industries as a key for growth.

One of the poll questions was "How should the town encourage growth of private establishments?". Tax stabilization topped the list with improving roads, utilities and sidewalks, all being very important to growth. Over 50% of the respondents see police protection and improved recreational facilities, with a swimming pool and Recreation Center, as necessary for growth. Many individuals feel that improved railroad crossings and new sidewalks are important to present needs as well as for growth.

The big question of the poll was "Where are the resources (money) going to come from to improve our town roads, walks, public services etc.?". Only 20% of the respondents favor additional taxes to make necessary improvements. The people want the improvements to be paid for by federal and state aid. A few respondents pointed out that federal and state aid, although available is limited and that real growth will come with strong local support for local funding, state funding and federal funding.

The Planning Commission feels that renewal and growth will eventually come when the business leaders, governing bodies and citizens begin to support each other. A couple of exciting town projects that are in process are the channel improvement project and the water improvement project. (See other town reports for more information).

We want to thank all of you who participated in the opinion poll, and look forward to your cooperation in the future.

Other projects the Planning Commission has been involved in included the Zoning By-Law Update and the On-site Sewage Program, passed recently by the selectmen.

The Zoning By-Law Update and Zoning Map Updates are near ready for public hearings. We have reviewed many requests for changes to our Town Zoning Regulations and have worked closely with the zoning officer to update the Zoning By-Laws to better meet the needs of the town. Public notices will be in the newspaper and on the community bulletin boards soon, regarding the dates of the hearings.

If anyone reading this has some good and relevant ideas for town growth and would like to make them known, please contact one of the Planning Commission members. We are all volunteers and welcome new ideas and help.

## ZONING ADMINISTRATOR OFFICER'S REPORT

This year showed a sharp increase in small scale construction in our Town. I processed 61 zoning permits, as to 48 zoning permits last year. The permits consisted mostly of garages, barns, decks, and only three new homes.

Also this year our Town enrolled into the Vermont Association of Conservation District's On-Site Sewage Program. This non-profit organization helps the Town administer local ordinances for on-site sewage disposal. The objective of the on-site sewage program is to prevent water pollution and health hazards caused by inadequate sewage disposal systems. In doing so they are also helping us make a good investment in the development of our land. The program employs trained specialists who offer timely, economical, and technically sound assistance to homeowners who plan to build or repair on-site sewage systems for single family homes.

The Rutland Regional Commission this summer conducted 3 seminars for Zoning Officers of which I attended: Oil and Gas Zoning Regulations, Legislative Changes affecting Zoning and Updating your Town's Zoning By-laws. They were useful seminars and demonstrate the Commission's involvement in assisting small communities like ours.

A reminder to all, processed zoning permits are posted in the Town Hall and the Post Office during the 15 day appeal period for public viewing. Copies of the zoning by-laws and zoning applications are available at the Town Hall Monday through Friday 8:30 to 4:00. If you have any zoning questions please call me at the Town Hall or at my home.

I would like to thank the Planning Commission, the Town Manager, the Selectmen, and the Rutland Regional Commission for their support during my third year as your Town's Zoning Officer.

Respectfully submitted,

Jayne L. Pratt  
Administrator Officer

## RUTLAND COUNTY RETIRED SENIOR VOLUNTEER PROGRAM

The purpose of the Rutland County Retired Senior Volunteer Program (RSVP) is to place people over 60 in volunteer work with local non-profit, community and human service organizations. Rutland County RSVP has over 260 volunteers ranging in age from 60 to 87, who last year gave over 50,000 hours to over 50 organizations. RSVP staff provides on-going support and follow-up with each volunteer and organization we serve to insure satisfaction.

There are 5 RSVP volunteers who live in West Rutland. Last year these volunteers gave over 949 hours to the following organizations which serve and/or are located in West Rutland; One-2-One; Rutland Regional Medical Center; Rutland Senior Chorus; The Elms Community Care Home and Vermont Association for the Blind.

We thank the residents of West Rutland for their past support and we look forward to another year of service to your community. Your thoughtful consideration of our request for \$300.00 for support of the services RSVP provides is greatly appreciated.

Sincerely,  
Donna E. Jerry,  
Director

RUTLAND AREA VISITING NURSE ASSOCIATION, INC.  
15 East Washington Street - Rutland, Vermont 05701

ANNUAL REPORT  
1983

To: The Board of Selectmen and Citizens of the Town of West Rutland

Home visiting and caring for people have been part of the VNA tradition for 37 years. Our health programs provide many needed services to your community. More and more people wish to stay at home during illness due to rising costs and a strong wish to be in their own familiar surroundings. We can help make that possible.

The direct services provided for your residents are as follows:

Unduplicated patients	-	54
Skilled Nursing Care	-	593
Home Health Aide	-	475
Physical Therapy	-	80
Occupational Therapy	-	-
Speech Therapy	-	-
Homemaker	-	391
Prenatal Couples	-	25
Clinic Patients	-	-

We have continued to work closely with the hospital, nursing homes, State Public Health, Office on Aging, and all other health related organizations in order to provide quality coordinated care.

More and more demands are being put on our agency with the increased federal mandates that are encouraging home care versus institutionalization. As your Home Health Visiting Nurse Association, we will do our best to provide as many services to meet these needs within our financial constraints.

If you need our help, call 775-0568 in Rutland or the VNA office nearest you - Castleton 468-5668 or Brandon - 247-3111. If you need health care at home, we are just a phone call away.

It is a pleasure to serve you and we look forward to another busy year.

Evelyn Doyle,  
Executive Director

ALCOHOLISM INFORMATION AND REFERRAL CENTER, INC.  
126 Merchants Row  
Rutland, Vermont 05701

Dear Selectmen and Citizens of West Rutland:

The Alcoholism Information and Referral Center, Inc. had been bringing treatment services to citizens of the Rutland area for the past 13 years. Each year, at Town Meeting time, we present a funding request to each community in Rutland County to support these services.

This year A.I.R.C. is requesting an allocation of \$883.00 from the Town of West Rutland

Please note that A.I.R.C. has not increased the amount of its request from last year. Our agency has been able to do this by containing operating costs without changing the high quality services A.I.R.C. brings to the people of Rutland County.

In the past year A.I.R.C. brought treatment services to 35 individuals. This represents 144 times town residents were seen by the A.I.R.C. treatment staff.

It is critical that we receive local support so that we may continue our work with the alcoholic and their families.

We would be happy to meet with you or any interested persons from your community to discuss our services and how best we can serve your community.

We are looking forward to a favorable response to our request from the citizens of West Rutland.

Sincerely,

Edward Seager, President  
Board of Directors

RUTLAND MENTAL HEALTH SERVICES, INC.  
78 South Main Street  
Rutland, Vermont 05701

As another year draws to a close, Rutland Mental Health Services is requesting support from your community as part of our 1984 Town Giving Activities.

We appreciate the support we have received from your community in the past, and have included with this request a description of program services we provided persons in your town this past year.

Town Giving is used primarily to support programs which provide preventive, educational and therapeutic services and opportunities directly to the people of West Rutland.

SOUTHWESTERN VERMONT AREA AGENCY ON AGING  
AND NUTRITION PROGRAM FOR THE ELDERLY  
135 North Main Street  
Rutland, Vermont 05701

SERVICE REPORT FOR THE TOWN OF WEST RUTLAND  
F.Y. '83 (Period of 10/1/82 - 9/30/83)

The Southwestern Vermont Area Agency on Aging wishes to submit the following information on services for use in the annual town report.

The Southwestern Vermont Area Agency on Aging gratefully acknowledges the contribution of \$400 for the year 1983. The following is a service inventory for West Rutland for the year 1983.

During 1983 Eight different elderly members of the community received assistance through the home delivered meal program. A hot, nutritious, noontime meal was delivered five days a week to homebound residents. Fifteen West Rutland residents participated in the Congregate Senior Meal Program at one of the 3 meal sites in Rutland.

The agency employs an advocate who provides outreach services to individuals 60 and over. During 1983 this advocate assisted 38 elderly residents of West Rutland. This advocate helped the seniors in such areas as public benefit programs, SSI, foodstamps, fuel assistance, tax rebate programs, support and reassurance, housing needs and Medicaid to name a few.

The agency also provided either directly or through contract the following services: a Long Term Care Ombudsman whose responsibilities are to assist persons with concerns involving Community Care or Nursing Homes and to provide information related to Long Term Care. Information and Referral which is telephone response to questions and concerns involving programs and services for the elderly in West Rutland. A Legal Aid Attorney who is responsible for assisting the elderly in West Rutland with legal matters. This attorney works through the Vermont Legal Aid system.

We hope that the town of West Rutland views the meal program and other support services as worthwhile and beneficial to the elderly residents. The agency projects an \$18,975 budget for year 1984 (10/1/83 - 9/30/84) to continue services in West Rutland.

If you should have any questions please contact us at 775-0486.

UVM EXTENSION SERVICE-RUTLAND COUNTY  
Rutland Town Office Bldg.  
Rte.4, Center Rutland  
P.O. Box 489, Rutland, VT 05701

The UVM Extension Service is a combined effort of the University of Vermont and the US Department of Agriculture to bring educational programs to the people of Rutland County. The areas in which programs are conducted are agriculture and related areas such as home grounds, home economics and nutrition, youth, resource and small business development and energy conservation. Energy outreach advisors are available to conduct energy audits on homes in Rutland County providing information on energy conservation measures for homeowners.

**Funding:**

Funds for the UVM Extension Service come from three sources, Federal, 38%; State, 48.9%, and from towns, 13.1%. Town funding is based on the town Grand List as compared to the County Grand List. State statutes are the basis for town contributions.

**Extension Service Advisory Board:**

A board comprised of 15 people from Rutland County advises the Extension agents on programs to be carried out. Members are elected at the UVM Extension Service annual meeting held in April. The annual meeting notice is published in the Rutland Herald two weeks in advance and is open to the public. Current members of the board are:

Byron R. Hathaway and Mrs. Sharon Crowley, Rutland Town; Miss Deva Bolgioni and Roy Rotella, Rutland City; Mrs. Dawn Clark and Edgar Cleveland, Pawlet; Mrs. Ardith Fenton, Middletown Springs; Gilbert C. VERMONT DEPARTMENT OF HEALTH  
Burlington, Vermont  
January, 1984

Annual Report to the Citizens of West Rutland

The mission of the Vermont Department of Health is the prevention of illness and the control or elimination of hazards dangerous to the health of the public. In working toward this goal, the Health Department has provided, or assured the provision of health services to communities across the state. Direct services are provided through 11 district field offices. During 1983, citizens of West Rutland received the following services from the district office in Rutland:

100 pregnant women, new mothers, and children received supplemental foods, health and nutrition services through the WIC program.

16 children and young adults received medical evaluation of individual health and dental status through the Early Periodic Screening, Diagnosis and Treatment program.

23 persons received assessment, information and counselling through the Maternal and Child Health program and/or information and teaching of parenting roles through prenatal classes and home visiting services.

11 children received comprehensive health assessments, including preventive guidance, at Well Child Clinics.

Diagnosis and treatment services for orthopedic, hearing, cardiac, genetic developmental disorders, and other handicapping conditions were provided to 14 children through the Handicapped Children's program and/or the Child Development Clinic in Burlington.

The Public Health Laboratory in Burlington assists in the prevention and control of illness by identifying chemicals and microorganisms in a variety of substances. During 1983, the following laboratory services were provided to residents of West Rutland:

61 blood tests to identify women needing immunization against German Measles (Rubella) to prevent birth defects,

86 other diagnostic blood tests,

195 tests of individual and municipal water systems to monitor drinking water quality.

The dental Division provides services to local communities including installing and maintaining fluoridation equipment in selected community and school water systems, paying for dental treatment of eligible children, and providing dental health education in the schools.

Statewide, the Health Department provided the following services to Vermonters:

67,952 doses of vaccine were administered in Health Department clinics to prevent polio, measles, other childhood diseases, and influenza. 190,277 doses were supplied to private physicians.

16 hospitals and 46 nursing homes were inspected and licensed.

5,583 food or lodging inspections were conducted.

941 reports of communicable diseases were investigated.

390 gonorrhea cases were interviewed and 445 contacts were traced by Epidemiology field investigators.

125 X-ray machines in hospitals, doctors' and dentists' offices were inspected.

50 VOSHA regulatory inspections and 100 voluntary consultative inspections of Vermont industries were conducted.

The Tooth Fairy program provided financial assistance for the dental care of 8,313 children; the Denticaid program provided assistance for 12, 397 children.

1,971 persons received screening for early detection of lung diseases through the Barre, Rutland and other Health Department chest clinics.

6,427 breath and blood alcohol samples were processed by the Laboratory. 13,743 bacteriological and viral cultures were tested.

The Emergency Medical Services program provided support and technical assistance to the state's 82 ambulance services, 39 first responder squads and 16 hospital emergency departments. 702 Emergency Medical Technicians were trained or recertified, and 783 certifications were

issued in advanced life support skills.

The Office of the Chief Medical Examiner investigated 702 Vermont deaths, including 193 accidents, 14 homicides, and 88 suicides.

Many services are also provided at the local level by your Town Health Officer, Lorraine Davis. Please feel free to call her if you need any assistance. The Health Department provides technical assistance and support to local health officers.

We encourage your participation in our programs. Information about all Health Department services may be obtained by calling our toll-free number 1-800-642-3323, or the Rutland district office at 773-5811.

REGIONAL AMBULANCE SERVICE, INC.  
P.O. Box 1637  
Rutland, Vermont, 05701

Regional Ambulance Service, Inc., a non-profit corporation, has been serving the 35,000 people in the eleven member towns for the past six months 24 hours a day both on an emergency and non-emergency basis.

Your ambulance service, through the monies donated by many of the citizens and businesses in the community, has become a reality. These donations have provided for a headquarters-garage building, four fully equipped ambulances, one of which is a four wheel drive vehicle, which assures dependable service under all weather and road conditions, and a full communications system.

The eleven towns contributions to the R.A.S. operations budget for 1984 is \$4.59 per capita. Each town is equal in their representation to the R.A.S. board of directors and each person is served equally regardless of their ability to pay.

Regional Ambulance Service exists for the good of the public.

RUTLAND REGIONAL COMMISSION  
ANNUAL REPORT

"Local Governments Finding New Ways To Do More With Us"

The Rutland Regional Commission traditionally uses this space to tell you what we have done during the past year. This year, though, it is as important to let you know how your contribution will be used during the next year.

Past Year's Efforts

1. Local Services: The Regional Commission identified an expanded local services program as its top priority for 1983-1984. Assistance on Community Improvement Grant Applications, local plans, and zoning regulations were among some of our activities. Data, resources and training were provided to many towns, individuals and businesses. A detailed Regional Profile was printed which will be used by many organizations.

2. Transportation: Work began on the data gathering phase of the Transit Development Plan update which will identify low-cost ways of moving people around the county. The commission - operating under the belief that "if it's not broken-don't fix it" - terminated the Rideshare Program and returned funds to the federal government; our study showed that ridesharing already works well informally and a formal system was not necessary. A planning study was begun to locate a potential corridor for a bypass southeast of Rutland City.

3. Economic Development: The Regional Commission continued to work with area development organizations. The Rutland Region Economic Indicator Series, providing useful information, was a year old during 1983.

4. Solid Waste: The Regional Commission continued to work with the Rutland County Solid Waste District on preparing for the construction of the resource recovery plant.

Next Year's Program

The Regional Commission's agenda for next year is to insure that your community deals effectively with the dramatic changes we all face: the reduction in federal financial support for local services; the reduced public support for increased taxes to pay for public services; the needs to replace roads, bridges, sewers, water systems; the decrease in household size but increase in number of households; the number of us in a family who work; the general age of the population; and where we are living. All affect the way we do - and the cost of doing - business, be it public or private.

To meet these changes the Rutland Regional Commission will continue to expand its local services program. We will be the "country store" for local government - where you can get your questions answered, find the information you want, get the training you need.

- \*We will help improve service delivery to town governments through consideration of a circuit rider program to share services of people with training in road design, zoning administration, and local management.
- \*We will provide more assistance for local planning through Project Planning Grants to develop information on local housing, economic development and public facility needs and other programs to identify local problems.
- \*We will help develop non-traditional methods of financing services and programs such as cooperative purchasing, municipal mini-bonds and equipment sharing.
- \*We will move to increase opportunities for training and information distribution such as Town Manager, Selectmen's roundtables, and more training programs.
- \*We will work with you to get the federal and state governments to provide greater program flexibility so you can do your jobs more efficiently.

All our activities are based on the philosophy that it is cheaper to do it together; that local governments can find new ways to do more with us.

Please join us in these efforts in 1984.

Respectfully Submitted:

Mr. Dan Pratt, Commissioner from West Rutland, for all the Commissioners and staff of the Rutland Regional Commission.

## NOTES

IN APPRECIATION

Adam Krempa is leaving the Board of Selectmen this year. Since 1963, when he was first elected, Adam has served his town for a total of 12 years in a serious, conscientious manner. Several times he was chosen chairman by his fellow board members.

In 1969 he was elected Moderator and has served in that capacity to the present time. His performance showed an excellent knowledge of conducting parliamentary meetings.

Some of the projects that Adam has helped to achieve include: construction of the sewer plant, construction of the town recreation area, establishment of zoning, implementation of personnel rules for town employees, completion of the Elderly Housing Project and work on the Upper Castleton River Drainage Project. Adam has also played a strong role in the improving financial condition of the town.

And so we can say "Thank You" Adam for a job well done.
